Copyright (c) 2023 Divyansh Garg

All rights reserved.

By accessing this software, you are agreeing to the license terms listed below.

1. The individual DIVYANSH GARG (the "INVENTOR") is the sole and exclusive owner of the software (the "Software"), which may be provided in any form. The INVENTOR retain all rights to the Software, including the right to grant licenses and permissions for its use.

2. By accessing, downloading, accepting, receiving, or using Software, including any accompanying information, materials, or manuals you (the "RECIPIENT") agree to be bound by the terms of this License. **If the RECIPIENT does not agree to the terms of this License, do not download, use, or access any files from this directory.**

3. The INVENTOR grant to RECIPIENT a royalty-free, nonexclusive, and nontransferable license to use the Software furnished hereunder, upon the terms and conditions set out below.

4. RECIPIENT acknowledges that the Software is in the development stage and that it is being supplied "as is", without any accompanying services, support, or improvements from the INVENTOR. The INVENTOR make no representations and extend no warranties of any kind, either express or implied other than set out in this License.

5. RECIPIENT agrees to use the Software solely for non-commercial purposes and shall not distribute or transfer the Software or any of its derivatives or enhancements from RECIPIENT to another location or to any other person without prior written permission from the INVENTOR.

6. RECIPIENT agrees not to reverse engineer, reverse assemble, reverse compile decompile, disassemble, or otherwise attempt to re-create the source code for the Software. RECIPIENT acknowledges that any programs created based on the Software will be considered a derivative of Software and owned by INVENTOR.

7. RECIPIENT may not integrate Software into RECIPIENT's own software without prior written permission from the INVENTOR. The RECIPIENT may make modifications to the Software, provided that such modifications are submitted to the INVENTOR for inclusion in the Software. All derivative works and enhancements are owned by INVENTOR.

8. RECIPIENT may not further distribute Software or its derivatives or enhancements without express written permission of INVENTOR. If permission to transfer the Software is given. The RECIPIENT may only distribute the software to third parties under the conditions specified in writing by the INVENTOR and including this License. RECIPIENT warrants that RECIPIENT will not remove or export any part of the Software from the United States except in full compliance with all United States export regulations and other applicable laws.

9. RECIPIENT will use the Software in compliance with all applicable laws, policies and regulations including, but not limited to, any approvals, informed consent, and patient confidentiality principles.

10. RECIPIENT will indemnify, hold harmless, and defend INVENTOR against any claim of any kind arising out of or related to the exercise of any rights granted under this License or the breach of this License by RECIPIENT.

11. Title and copyright to the Software and any derivatives and any associated documentation shall at all times remain with INVENTOR, and RECIPIENT agrees to preserve same.

12. If RECIPIENT plans to conduct academic research using the Software (for instance to publish any peer reviewed papers, abstracts, or similar publications), RECIPIENT agrees to acknowledge Software and its creators in a manner consistent with academic (industry) practice.

13. If the INVENTOR or the RECIPIENT decide to terminate this License, the RECIPIENT shall immediately cease all use of the software and shall destroy or return immediately to the INVENTOR all copies of the software and any derivative works, as per the instructions of the INVENTOR.

14. If RECIPIENT desires to license the Software or use it in any form of commercial application, please contact the INVENTOR at **divyansh199@gmail.com** for written permission from the INVENTOR and obtaining the licensing terms and conditions.
